President Report

Jan 2018

Happy New Year to all. I hope Santa was good to everyone, but even if you were bad and just got coal in your stocking, it will come in very useful shortly.

Our Annual Meeting officially wrapped up another successful year for our club. As I listened to Marty's activity report, it brought back a lot of great memories of the fun we had and interesting places we visited. We are now in the planning mode for 2018. Remember; it's our 20th year and we want to celebrate in style, so give us ideas of things you would like to do!

Our business meeting had several items of note: (1) our current slate of officers was reelected to serve for another term. (2) The Editor position for our Newsletter and Website had to be restaffed since Andre and Joan will be moving later this year. They did a great job with the Newsletter and it was much appreciated. Additionally, the Bourques sponsored a number of tours for the club as well as provided some exceptional food and hospitality. We owe Andre & Joan a big "thank you" for all they did for us. They will be replaced by the dynamic team of Jack & Ray. I am pleased that they have volunteered to undertake the editor's responsibilities. Feel free to share any ideas or suggestions you would like to see as well as supply them with pictures, articles, etc.

There were two additional items which will require our follow-up this year: (1) looking for a new date to hold our annual meeting (if possible) and (2) help in planning some activities commemorating our 20th year. More on these topics at our January meeting.

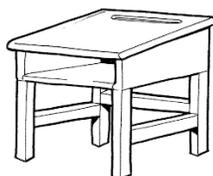

Also, to commemorate our Anniversary I plan on making a collage containing pictures of all FSMTA Members with their vehicles during each of the 4 seasons. I suspect January may give all of us a chance to knock off the winter scene. Keep it in mind!

Wishing you all a very Safe and Healthy New Year!

Happy Motoring

Pete

Marty says
